The sport of team cattle penning is fast becoming one of the major horse related Events in Canada and in the U.S.A.

What is Team Cattle Penning?

It's Fast, its' exciting, and its action packed!!

This is a timed event involving a team of three riders and thirty head of numbered cattle. The purpose of the team of riders is to ride down the arena, gather up three head of the same-numbered cattle out of a herd of 30 cattle, and then bring them back up the arena into a designated pen in less than 60 seconds. It sounds easy but there are rules that need to be followed: Unnecessary roughness is an automatic disqualification, Unsportsmanlike conduct by a team/or rider will result in disqualification, riding a horse that is visibly lame, sick, or emaciated, somebody other than the team members spotting cattle from the side lines will be an automatic disqualification, too many wrong numbered cattle across the foul line ends a run, In the event there is a Mechanical Failure or Management Error detected early in the run, the team will be given a restart. Continuing to work cattle after the run has ended may result in a fine. All contestants must wear a western hat or protective helmet, boots and a long sleeved shirt with a collar, western style long pants (jeans) are required. All contestants are encouraged to maintain a western image; in the case of a dress infraction a fine is given.

This is a sport the whole family can participate in. There are classes for all levels of riders, including juniors. Each rider is rated or given a number that reflects their ability. Classes are classified to a maximum combined number of the team's ratings to create a level playing field for all. All you need is a horse, and the will to have a good time. Knowledge of cattle and the technique can be learned from clinics and from fellow members.

We are registered as a non profit organization. Our members must attend a specific number of events through out the year to qualify to compete at the BCTCPA Finals held in Armstrong B.C. Our members also go out and collect sponsorship, and the club has fundraisers throughout the year so that members that have qualified get to ride for prizes and added money.

The BCTCPA has a growing membership that comes from all parts of the lower mainland, and Interior. The club has been in existence for **18 years** and going strong. We do not charge a fee for spectators and encourage their attendance to help cheer on the teams as they try to beat the clock!
